Advisory Action Before the Filing of an Appeal Brief	Application No. 09/626,063	Applicant(s) BRYLOV, LOURI	
	Examiner CHAN S. PARK	Art Unit 2622 2625	

--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

THE REPLY FILED 31 January 2006 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.

1. ☒ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:

- a) ☐ The period for reply expires _____ months from the mailing date of the final rejection.
b) ☒ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.

Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

NOTICE OF APPEAL

2. ☐ The Notice of Appeal was filed on _____. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).

AMENDMENTS

3. ☐ The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will not be entered because
(a) ☐ They raise new issues that would require further consideration and/or search (see NOTE below);
(b) ☐ They raise the issue of new matter (see NOTE below);
(c) ☐ They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or
(d) ☐ They present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: _____. (See 37 CFR 1.116 and 41.33(a)).

4. ☐ The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324).
5. ☐ Applicant's reply has overcome the following rejection(s): _____.
6. ☐ Newly proposed or amended claim(s) _____ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).
7. ☒ For purposes of appeal, the proposed amendment(s): a) ☐ will not be entered, or b) ☒ will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.
The status of the claim(s) is (or will be) as follows:
Claim(s) allowed: _____.
Claim(s) objected to: _____.
Claim(s) rejected: 49-59, 62, 64, 65, 68 and 70-82.
Claim(s) withdrawn from consideration: _____.

AFFIDAVIT OR OTHER EVIDENCE

8. ☐ The affidavit or other evidence filed after a final action, but before or on the date of filing a Notice of Appeal will not be entered because applicant failed to provide a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented. See 37 CFR 1.116(e).
9. ☐ The affidavit or other evidence filed after the date of filing a Notice of Appeal, but prior to the date of filing a brief, will not be entered because the affidavit or other evidence failed to overcome all rejections under appeal and/or appellant fails to provide a showing of good and sufficient reasons why it is necessary and was not earlier presented. See 37 CFR 41.33(d)(1).
10. ☐ The affidavit or other evidence is entered. An explanation of the status of the claims after entry is below or attached.

REQUEST FOR RECONSIDERATION/OTHER

Continuation of 11. does NOT place the application in condition for allowance because: Applicant's arguments have been fully considered but they are not persuasive.

Advisory Action

1. The period for reply continues to run 6 MONTHS from the date of the final rejection. Any extension of time must be obtained by filing a petition under 37 CFR 1.136(a) accompanied by the appropriate fee. The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. A reply within the meaning of 37 CFR 1.113 or a request for a continued examination (RCE) in compliance with 37 CFR 1.114 must be timely filed to avoid abandonment of this application.

Response to Amendment

2. The amendment filed 1/31/06 under 37 CFR 1.116 in reply to the final rejection has been considered but is not deemed to place the application in condition for allowance because:

- a. Applicant's arguments filed 1/31/06 have been fully considered but they are not persuasive.

In response to applicant's arguments regarding claim 49, wherein on pages 11 and 12, the applicant states that a *prima facie* case of obviousness has not been established in the combined teachings of Shih and Machida. Particularly, the applicant states that neither Shih nor Machida suggests any desirability to display destination options on the display of the standalone scanner of Shih. Respectfully, the examiner disagrees. As noted in the Office Action dated 12/2/06, Machida discloses a PC for

Art Unit: 2622

displaying destination options based on accessing the at least one network device using icons (figs. 5 & 11). Further, as noted in Shih, the network standalone scanner includes a display to eliminate the need of a PC in the communication between a scanner and other peripheral devices (col. 3, lines 33-46). In other words, the standalone scanner of Shih can communicate directly/independently with other peripheral devices without the presence of the PC in the network. Since Shih discloses the standalone scanner having the display for displaying information regarding the destinations and the scanner initiates the transfer of the image data over the network without the PC, and Machida discloses the improved and user-friendly display setting in the network communication system, it would have been obvious to one of ordinary skill in the art to include the display function taught by Machida into the display of the standalone scanner of Shih. The motivation/desirability for combining would have been to provide a well-known user-friendly, less complicated display setting for the data communication at the site of the standalone scanner. Hence, the examiner maintains the rejection.

In response to applicant's arguments regarding claim 62, wherein on pages 12 and 13, the applicant states that Machida fails to teach or suggest a display for displaying destination locations on the network device. The examiner disagrees. Referring to figs. 42 & 43 and col. 39, lines 1-21 of Machida, it clearly teaches the display for displaying a particular location in the network device.

In response to applicant's arguments regarding claims 54 and 81, wherein on pages 13 and 14, the applicant states that Machida fails to disclose icons representing folders in a user interface. The examiner disagrees. Again, referring to figs. 42 & 43

Art Unit: 2622

and col. 39, lines 1-21 of Machida, it clearly discloses the icons representing folders in a user interface.
